

Magento computer theme installation guide

The following instruction will help you install Computer theme for your Magento store and configure all necessary CMS pages and static blocks. It guarantees that you will be able to setup the theme same as our demo site by following this tutorial.

Following are step by step:

Install the theme

- 1) Export the zip package into your local computer. You will find 4 folders inside it: **app, js, skin and theme_content**.
- 2) Using FTP client to upload 3 folders **app, js and skin** to your root folder of your Magento site. It will not override any core files and just add new files for the theme.

Configure CMS home page and Static blocks

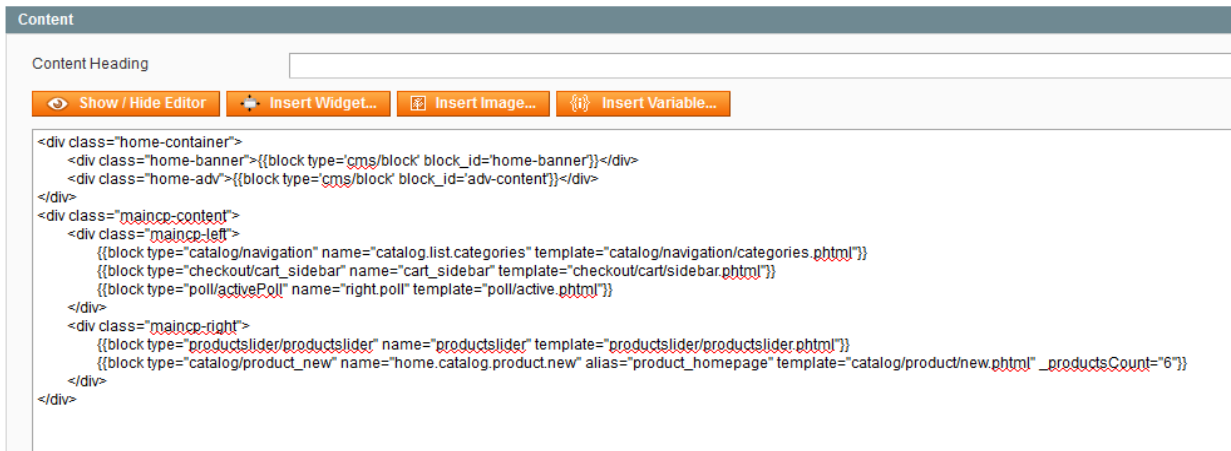

Content for CMS home page and Static blocks are available in **theme_content** folder of extracted directory.

- 1) Change Home page content

Log in your Magento backend and go to **CMS > Pages**. Click to edit your home page.

Open **Content** tab and copy the code in the home_page.txt file into content section.

Magento Computer theme Installation Guide

Now, open **Design** tab and change the layout to 1 column.

Click on **Save Page** button to save the changes.

2) Create Static blocks

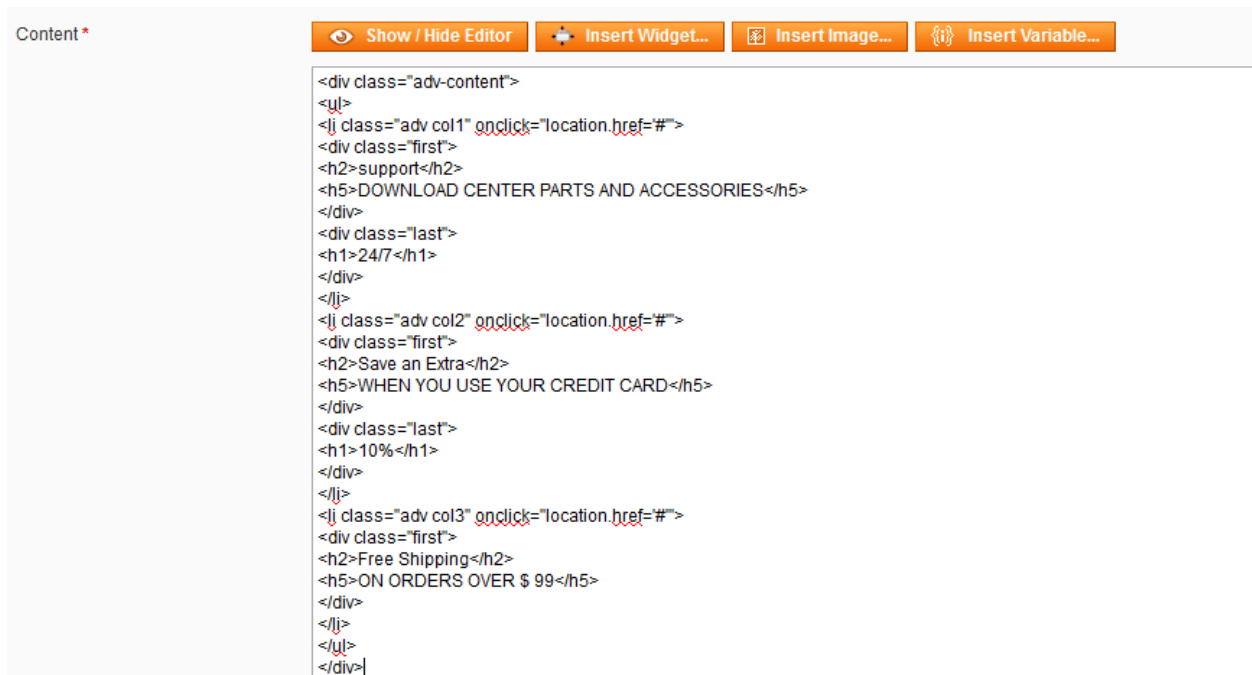

You have to create 5 static blocks to guarantee the theme as our demo site. Go to **CMS > Static Blocks** from the top menu.

a) Advertising

- Create Add New Block button
- Fill out following information

Magento Computer theme Installation Guide

- Block title: Advertising
 - Identifier: adv-content
 - Content: Copy the content from file Advertising.txt
- Make sure it is the same as following figure.

```
<div class="adv-content">
<ul>
<li class="adv col1" onclick="location.href='#">
<div class="first">
<h2>support</h2>
<h5>DOWNLOAD CENTER PARTS AND ACCESSORIES</h5>
</div>
<div class="last">
<h1>24/7</h1>
</div>
</li>
<li class="adv col2" onclick="location.href='#">
<div class="first">
<h2>Save an Extra</h2>
<h5>WHEN YOU USE YOUR CREDIT CARD</h5>
</div>
<div class="last">
<h1>10%</h1>
</div>
</li>
<li class="adv col3" onclick="location.href='#">
<div class="first">
<h2>Free Shipping</h2>
<h5>ON ORDERS OVER $ 99</h5>
</div>
</li>
</ul>
</div>
```

- Click Save Block button
- b) Footer Bottom Links
- Block Title: Footer Bottom Links
 - Identifier: footer_bottom_links
 - Content: Copy from Footer Bottom Links.txt
- c) Header Menu
- Block Title: Header Menu
 - Identifier: header_menu
 - Content: copy from Header Menu.txt

Magento Computer theme Installation Guide
